Housing Problem in Hong Kong!

By Jean Wilson

Many children in Hong Kong live in poverty. These children live in cubicles in aged buildings in old urban areas in the territory. A flat like that may have eight to ten cubicles. The cubicles are usually crowded

(1) _____ they take up only (2) _____ space. There is (3) _____ room for only (4) _____ things. In a typical room, the main items are a bunk bed and a small table. The residents can (5) _____ rent a bigger flat _____ live at a public housing estate. There are (6) _____ public housing estate flats for all the applicants (7) _____ people have to wait for a long time, usually years.

It can be dangerous living in such a crowded place. Residents might have no chance to escape (8) _____ there is a fire. 'We have no choice. We can (9) _____ live here _____ on the street,' Mr Au, a father of three young children, said angrily. 'I'll be overjoyed (10) _____ my application is approved. But now I need to save as much as I can (11) _____ my family can survive.'

We hope (12) _____ the authority _____ the public can give a helping hand to these people who are in great need.
