Did you know that many child suffer from illnesses? Some children been sick since their birth. I want to be a doctor when I grow up. I will be cure sick children so they can be healthy and happy. I want to be a scientist too. If I will become a scientist, I will develop both cheaper better medicine. It will taste sweeter too. Needles are sometimes use to treat illnesses, but to children, they are just too frightened! I will find out other kinds of treatments. The children will be amazing when they can be cured without feeling any pain. Their parents will be pleasing too because they will no longer be worried about money and theirs children's health. Neither parents and children need to visit hospitals regular. To help others, I can be either a doctor nor a scientist. What about you? When you grow up, who do you want to be?
