Part J (Guided Writing) *(20 marks)*

Below is a short description about travelling by bus. Use it as a sample and write a similar description about travelling by plane.

Travelling by bus

The bus is a popular means of transport with many people. It can carry more than 150 passengers. It goes to many places in Hong Kong. Many people go to school or to work by bus. You may watch television or listen to music on the bus. It is quite comfortable to take a bus. I enjoy travelling by bus.
