

已編輯 翻譯

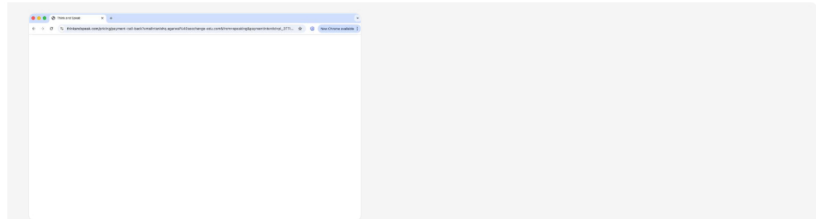

as we see here we have an open payment session , but if cross and go back , the session is ended even though the page isn't expired , when the user go to billing section he wont see his previous pending session but need to make a new stripe session

翻譯

just like here i could create two sessions for the same account and both are valid

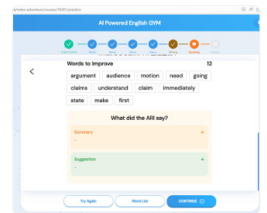

翻譯

the timer finished , it left me at a blank page instead of redirecting me back to the thinkandspeak billing page

the core issue behind this is same as the first issue i mentioned

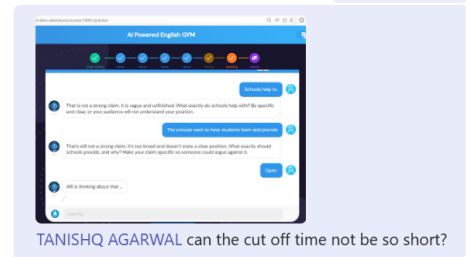

5/4 下午 06:56

summary and suggestions --> blank

TANISHQ AGARWAL can the cut off time not be so short?

TANISHQ AGARWAL 5/4 下午 07:00

TA Can do tomorrow yea

5/4 下午 07:00

maybe add a button so users have to click it to signal the AI's turn

5/4 下午 07:24

TANISHQ AGARWAL can you give me the underlying AI behavioral framework that governs the ari debater?
