老师也能看到他们的engageengagement record 咯?

是的, 外部用户也会存在我们这边, 去记录所有行为, 只是仅有 Live translation 的菜单权限

Certainly is not a good look when you lose control of your emotions as a leader. If you can't control your emotions, how are you going to make good decisions? How are you going to control anything else that's happening if you can't control your emotions? So one of the clearest examples of this is what's the difference between a child and an adult? It's supposed to be that by the time you're an adult, you can control your emotions. You stop having temper tantrums in the grocery market because you can't get the piece of candy.
☞ 當你作為領導者失控時, 這絕對不是好形象。如果你無法控制自己的情緒, 你怎麼能做出正確的決定? 如果你無法控制自己的情緒, 你怎麼能控制其他正在發生的事情? 其中一個最明顯的例子是, 孩子和成人有什麼差別? 理論上, 當你成年時, 你應該能控制自己的情緒。你在超市裡因為買不到糖果而不再發脾氣。

这个时候我这个页面切到学生这了, 会不会有影响?

现在同步 - 我左右屏幕打开

我然后我切到其他网页干别的事情, 过了几分钟回去, 他直接close我这个session了
