Subject : How are you?

Dear Jimmy,

How are you? Are you busy at school? Alice was our class monitor during the last school term. Is she still the class monitor now? I miss you all and also our teachers.

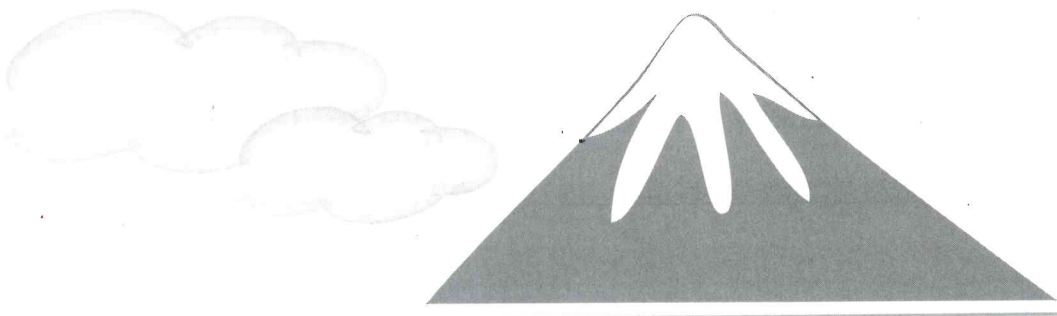

The weather is cold in Japan now. It started to snow last week. I got very excited because I saw snow for the first time! I even made a snowman!

There are many interesting theme parks in Japan. I like taking pictures with the funny characters. I like the people here too. They are very polite. Mum often goes shopping but I do not like going shopping with her. It is boring.

At school, there is not much homework but the homework is difficult. All the subjects are in Japanese. So I have to work hard on my Japanese. I take an extra Japanese class every day after school.

Christmas is coming. My family and I will go to the hot springs in Hokkaido. It is Japan's second largest island. What are you planning to do at Christmas? Write soon.

Your friend,
Jacky
