Mark is my best friend. I have known him since Primary 2. He is good at playing badminton and has won many medals and trophies in different competitions.

However, he is very (1) _____ and never boasts about himself. He is also willing to teach others to play badminton. At school, he is the monitor of my class. He is (2) _____ and gets everything done quickly, so many teachers like him. Besides this, he is very (3) _____. He always studies hard after school and he likes reading science books. My mum always says that he is a role model for all of us.

My other best friend, Emma, is a (4) _____ girl. She always shares her homemade cookies and muffins with us. Emma loves singing and often performs in school concerts. She is (5) _____ and is never afraid of performing on stage. When she has any performance, my friends and I always support her. Last year, she won a singing competition. In addition, Emma is (6) _____. She is never late for school.

Both Mark and Emma are my (7) _____ friends. Whenever I have problems, they are always there to support me. I hope our friendship will last forever!
