

3rd Aff

POIs

*Note:* These notes would come from the start of the legalization of prostitution debate we've considered before. The third Affirmative has noted that the definition is that prostitution would be legal in registered establishments and would be regulated and taxed (*Def = Leg in reg est'bs + Reg'ted + taxed*). She's also made a note of the prediction that regular tests for drug use and sexually transmitted diseases would improve public health (*STD + drug tests ↑ public health*).
