

Chapter 9: Constructive Arguments about Claims of Value	101
Constructing an Argument to Support a Simple Value Proposition	101
Combining Claims to Support a Simple Value Proposition	102
Outline of a Case for a Simple Value Proposition	105
Constructing an Argument for a Comparative Value Proposition	105
Combining Claims to Support a Comparative Value Proposition	106
Outline of a Case for a Comparative Proposition of Value	109
Constructing an Argument to Oppose Value Propositions	110
Arguments with Respect to Description	110
Arguments with Respect to Causal Relationships	111
Arguments with Respect to Evaluation	112
Developing a Coherent Negative Case	114
Outline of a Possible Negative Case	114
Important Concepts in Chapter 9	115
Chapter 10: Constructive Arguments for Claims of Policy	117
Policy Claims	117
Policy Claims in Everyday Life	118
The Role of Values in Policy Claims	118
Constructing Arguments about Simple Policy Propositions:	
A Need-Plan-Benefit Strategy	119
The Need	120
The Plan	120
The Benefits or Advantages	121
Negative Strategies for Debating about Policies	121
Defending the Status Quo	122
Defending a Policy Other than the Status Quo	122
Attacking the Plan	123
Summary of Arguing about a Simple Policy Proposition	125
Constructing Arguments about Claims of Comparative Policy	125
Constructing Arguments to Support a Claim of Comparative Policy	125
Stance of the Affirmative	125
Conceptualizing the Case	126
Constructing the Affirmative Plan	127
Constructing the Advantages	128
Constructing Arguments against Propositions of Comparative Policies	131
Stance of the Negative	131
Constructing the Negative Case	131
Important Concepts in Chapter 10	133
Chapter 11: Refutation and Rebuttals	135
Refutation	135
Rebuttals	136
Summarizing Arguments	137
Identifying Vital Issues	137
Making Choices	138
Weigh Implications	139
Important Concepts in Chapter 11	140
PART III: DEBATE SKILLS	141
Chapter 12: Developing Research Skills	143
The Importance of Research	143
The Research Process	144
The Stages of the Research Process	144
Phase 1: General Knowledge	145
Phase 2: Specific Knowledge	146
